

REBATE APPLICATION DETAILS

Please review the rebate application for additional requirements and full terms and conditions.

Rebates are available for purchases made January 1, 2018 through December 31, 2020, or until program funds are no longer available, whichever comes first. Due to limited funding, please submit your rebate application as soon as possible after purchase and installation. Equipment must be installed before submitting a rebate application. Rebate applications will be processed on a first-come, first-served basis and must be postmarked or submitted online by January 31, 2021*, to be eligible for rebate.

* Program participation dates are subject to funding availability and may change without notice. Program and submission deadline dates will be updated on swgas.com/efficiency/ca.

CALIFORNIA

Serving areas in and around Barstow, Big Bear, Needles, South Lake Tahoe, Truckee, and Victorville

For details on program eligibility and requirements, please visit swgas.com/efficiency/ca or call 800-654-2765.

REBATE PROGRAM

 **SOUTHWEST GAS**
smarter > greener > better

Boost Your Bottom Line with
Natural Gas
 Save even more with
Smarter Greener Better[®] rebates

MORE REBATES FOR YOUR BUSINESS

According to ENERGY STAR[®], a typical commercial building's energy use accounts for 30% of operating costs, the largest single category of controllable costs. By using natural gas, you can lower your energy bills and get the best value for your money.

Upgrade and Save!

By improving your facility with high-efficiency natural gas equipment, your business can be more energy efficient and environmentally responsible while maximizing your business potential.

With Southwest Gas *Smarter Greener Better* rebates, there's no better time than now to upgrade your commercial equipment.

**Eligible Natural Gas Equipment
 Rebates & Requirements**

Rebate amount may not exceed 50% of equipment cost

Rebates	Requirements	Amounts
Tankless Water Heater	ENERGY STAR [®] qualified and Energy Factor (EF) ≥ 0.90	\$200
Smart Low-Flow Showerhead	Gallons per minute (GPM) ≤ 1.5 and must have a ShowerStart [™] thermostatic shut-off valve (TSV); Requires natural gas water heating	\$15
Furnace	ENERGY STAR qualified and Annual Fuel Utilization Efficiency (AFUE) ≥ 92% Only available in Climate Zone 16 , which includes: Big Bear City, Big Bear Lake, Carnelian Bay, Moonridge, Homewood, Tahoma, Kings Beach, Tahoe City, Olympic Valley, Tahoe Vista, Northstar, Truckee, and South Lake Tahoe	\$200
Convection Oven	ENERGY STAR or Fisher-Nickel qualified	\$500
Conveyor Oven	Fisher-Nickel qualified Multiple deck oven configurations are paid per qualifying oven deck	\$750
Combination Oven	Fisher-Nickel qualified	\$750
Griddle	ENERGY STAR or Fisher-Nickel qualified	\$125
Fryer	ENERGY STAR or Fisher-Nickel qualified Multiple vat configurations are paid per qualifying vat	\$500
Non-Condensing Boiler ¹	Combustion efficiency ≥ 85%	\$1.00/ MBtuh
Condensing Boiler ¹	Thermal efficiency ≥ 92%	\$1.25/ MBtuh
Modulating Burner Controls ²	For retrofits only Must have a minimum turndown ratio ≥ 5:1 and must be installed on boilers with an input ≥ 2 MMBtuh	\$6,000
O₂ Trim Controls ²	For retrofits only	\$10,000
Steam Trap ²	New installations or replacements only; repairs do not qualify	\$250

¹ All new boilers must be installed with modulating burner controls with a minimum 5:1 turndown ratio. New boilers ≥ 10 MMBtuh must also be installed with an O₂ trim control pad. Start-up combustion or thermal analysis report required to demonstrate minimum efficiency and turndown ratio.

² Requires a natural gas-fueled space or water heating system.

Boiler Equipment Rebates

Did you know that boilers generally account for more than 40% of the heating energy in commercial buildings? Southwest Gas commercial customers in California can take advantage of rebates to improve the efficiency of an existing boiler, or on the purchase and installation of a new, high-efficiency boiler.
