

## REBATE APPLICATION DETAILS

Please review the rebate application for additional requirements and full terms and conditions.

Rebates are available for purchases made July 1, 2016, through December 31, 2017, or until program funds are no longer available, whichever comes first. Due to limited funding, please submit your rebate application as soon as possible after purchase and installation. Equipment must be installed before submitting a rebate application. Rebate applications will be processed on a first-come, first-served basis and must be postmarked or submitted online by January 31, 2018\*, to be eligible for rebate.

---

\* Program participation dates are subject to funding availability and may change without notice. Program and submission deadline dates will be updated on [www.swgas.com/efficiency/az](http://www.swgas.com/efficiency/az).

# Combine Rebates and Save More!

REDUCE YOUR USE AND SAVE

Use high-efficiency natural gas appliances in your home and save money and energy. Energy efficient appliances may cost more initially, but the longterm benefits really pay off. Over the lifetime of the appliance, monthly savings will more than offset your initial investment. Replacing older equipment with energy efficient models means more green for you and our planet.

## Applying is Easy!

Go to [www.swgas.com/efficiency/az](http://www.swgas.com/efficiency/az) for more information, rebate applications, and to determine equipment eligibility.
