

## REBATE APPLICATION DETAILS

Please review the rebate application for additional requirements and full terms and conditions.

Rebates are available for purchases made July 1, 2016, through December 31, 2017, or until program funds are no longer available, whichever comes first. Due to limited funding, please submit your rebate application as soon as possible after purchase and installation. Equipment must be installed before submitting a rebate application. Rebate applications will be processed on a first-come, first-served basis and must be postmarked or submitted online by January 31, 2018\*, to be eligible for rebate.

### For solar water heating and custom rebates:

Pre-approval is required. Please submit your rebate application before purchase and installation. Rebate applications will be processed on a first-come, first-served basis.\*

\* Program participation dates are subject to funding availability and may change without notice. Program and submission deadline dates will be updated on [www.swgas.com/efficiency/az](http://www.swgas.com/efficiency/az).

Reduce Your Use and Save with  
**Natural Gas**  
Smarter Greener Better® rebates

**MORE REBATES FOR YOUR BUSINESS**

According to ENERGY STAR®, a typical commercial building's energy use accounts for 30% of operating costs, the largest single category of controllable costs. By using natural gas, you can lower your energy bills and get the best value for your money.

**Upgrade and Save!**

By improving your facility with high-efficiency natural gas equipment, your business can be more energy efficient and environmentally responsible while maximizing your business potential.

With Southwest Gas Smarter Greener Better rebates, there's no better time than now to upgrade your commercial equipment.

**Eligible Natural Gas Equipment  
Rebates & Requirements**

Rebate amount may not exceed 50% of equipment cost
