1. Southwest Gas has implemented the California *Smarter Greener Better*[®] Commercial Rebates Program ("Program") to provide qualified Applicants with rebates to facilitate the installation of qualifying energy-saving equipment. By signing the Rebate Application, Applicant agrees to and shall abide by all Program requirements and these Terms and Conditions.
2. Applicant understands that the Program term is from January 1, 2017 through December 31, 2017, and that the Program term is subject to change without notice. Program funds are limited and rebates are provided on a first-come, first-served basis, until conclusion of the Program term, or until Program funds are no longer available, whichever comes first.
3. To be eligible for a rebate, (a) Applicant must be a Southwest Gas customer located within its California service territory on a commercial rate with an active meter serviced by Southwest Gas at the installation address listed in the Rebate Application; (b) Applicant must be contributing to the conservation and energy efficiency component of the Public Purpose Programs (PPP) Surcharge; and (c) Applicant must install qualifying equipment. Applicants on a negotiated rate are not eligible for rebates.
4. Equipment qualified and eligible for a rebate must be (a) new, and be a qualifying model that meets the equipment specifications described in the Rebate Application, which is incorporated herein by this reference; (b) designed to reduce the consumption of energy distributed to Applicant by Southwest Gas at the installation address; and (c) purchased and installed on or after January 1, 2017 and on or before December 31, 2017. Equipment purchases occurring outside of the Program term do not qualify for a rebate. Resale equipment, warranty replacements, equipment rebuilt, rented, received from insurance claims, or won as a prize, are not eligible for a rebate. All uses herein of the words "install", "installation" or similar phrases shall mean complete installation such that the subject equipment is fully functional and in operation.
5. The Rebate Application must be postmarked, or submitted online by January 31, 2018. Applicant must complete separate Rebate Applications for each installation address. An incomplete Rebate Application will not be processed. Southwest Gas is not responsible for items lost or delayed in the mail, or any rebate delayed due to an incomplete or incorrect Rebate Application.
6. Applicant understands that submission of this Rebate Application, even if correct and complete, does not guarantee payment of a rebate. Applicant also understands that the rebate payment is based on Southwest Gas' approval of installed equipment and Applicant's satisfactory compliance with all Program requirements and these Terms and Conditions.
7. Applicant understands that the energy efficiency level of the qualifying equipment determines the rebate amount (as defined in the Rebate Application). The rebate amount cannot exceed 50 percent of the equipment cost.
8. If a tenant, Applicant is responsible for obtaining the property owner's permission (as necessary) to install the qualifying equipment. Applicant's signature on this Rebate Application indicates Applicant has obtained this permission.
9. Upon application, approval and satisfactory completion of Program requirements, Southwest Gas will issue the rebate payment to Applicant or to the payee identified in the Payee Information section, as applicable. A rebate check for qualifying equipment is generally mailed 8 to 10 weeks after Southwest Gas receives and approves a completed Rebate Application including all required documentation. If selected for inspection, the rebate payment may be withheld pending outcome of the inspection.
10. Southwest Gas reserves the right to change or cancel the Program or its terms and conditions at any time without notice. In the event that rebate amounts change during the Program period, the purchase date will be used to determine product eligibility and the rebate amount.
11. Applicant will allow, if requested, a Southwest Gas representative, a Southwest Gas-authorized inspector or the California Public Utilities Commission (CPUC) reasonable access to the installation address to verify the installed equipment. The verification of installation must be scheduled within 30 days of Applicant contact by Southwest Gas. Applicant understands that Southwest Gas may contact the equipment vendor and/or installer to verify purchase and/or installation and may provide Applicant's name and/or address to complete this verification. Applicant understands that a rebate will not be paid if Applicant refuses to participate in any required verification.

13. Applicant acknowledges and agrees that the selection of qualifying equipment, the selection of manufacturer, dealer, supplier and/or installer, and the purchase, installation and ownership/maintenance of the qualifying equipment referenced in this Rebate Application are Applicant's sole responsibility. Applicant further acknowledges that the manufacturer, dealer, supplier and/or installer is not an employee or representative of Southwest Gas.

Applicant further agrees to indemnify, defend and hold harmless Southwest Gas, its directors, officers, employees and agents from and against all claims, losses, expenses, damages, costs and liability arising out of or incident to Applicant's participation in the Program.
15.
