NORTHERN NEVADA

Natural gas rates for Southwest Gas' Northern Nevada customers were adjusted effective April 15, 2024 as a result of Southwest Gas' general rate case (Docket No. 23-09012). This results in an overall increase in annual revenues of approximately \$8.7 million or 4.3 percent. The adjusted rates are shown below.

Notwithstanding the aforementioned rate changes, most customers should experience a net reduction in their monthly bills since the quarterly gas cost rate adjustment effective April 1, 2024 decreased annualized revenues by approximately \$30 million, or 13 percent.

Monthly bills that reflect usage both prior to and after the effective date of the rate change will be billed the old rates for the usage prior to the effective date and the new rates for the usage after the effective date.
