

# Be a Winner with Natural Gas

# NEWS TO USE

August 2012

Rise to the top and leave your worries behind. Rely on domestically produced natural gas for what it does best:

- Heating water – natural gas water heaters are twice as fast as electric models
- Drying laundry – natural gas dryers are gentle on fabrics and on the environment
- Cooking meals – 3 out of 4 homebuyers prefer natural gas cooking
- Warming your home – 7 out of 10 homebuyers prefer gas heat

With stable pricing and a 100-year supply right here in America, natural gas will continue to inspire and fuel the next generation. Go for the gold with natural gas!

## Winning energy saving tips:

- Make sure you have full loads when using your washing machine or dishwasher.
- Select stovetop burners that match your pan sizes.
- Keep window coverings closed in summer to keep heat out.
- A water heater setting of 120°F is comfortable for most households.
