

Natural Gas: Clean, Efficient, Affordable

NEWS TO USE

August 2014

Did you know? A home with natural gas vs. all-electric appliances produces 37% lower greenhouse gas emissions. That's because natural gas is the cleanest of all fossil fuels, making it the natural choice for the environment.

Did you know? Those same homes consume 28% less energy. That's because natural gas is highly efficient, making it the natural choice for saving energy.

Did you know? Natural gas vehicles can save you an average of \$4,500 in fuel costs over 5 years compared to a gasoline vehicle. That's because natural gas is affordable, making it the natural choice for your wallet.

With natural gas you don't need to choose between being environmentally responsible or saving energy and money. You can do it all - making it the perfect foundation fuel of the future.
